This table contains a comparison of K-State faculty salaries with salaries at other members of the Big 12:

Comparisons are made between the Big Twelve composite and K-State salaries based on all ranks average salary and rank adjusted average salary (Board of Regents method of calculating average salary for comparison).

Average Salary excluding fringe benefits.

Rank Adjusted Average Salary is calculated by multiplying the overall average of Big Twelve salaries by rank times the distribution of K-State faculty by rank; These values estimate what the comparison institutions' average salaries would be if their distribution by professorial rank were identical to K-State.

Rank is based on the composition of the Big 12 in each year.

Ranks only include professor, associate professor and assistant professor (no instructor)
