Foundational Definitions

DIVERSITY is the presence and representation of differences that enrich the community and workplace. Differences include, but are not limited to identity, culture, background, abilities, opinions, and experiences.

EQUITY and equity-mindedness, is the action of ensuring access, resources, and opportunities through removing systemic barriers, particularly for historically underrepresented groups.

INCLUSION is the intentional action of valuing everyone, regardless of background, beliefs, or identities. This includes creating a culture and community where everyone, especially those from historically underrepresented groups, have access to resources, voices are heard, and contributions are valued.

BELONGING is the feeling individuals, particularly those from historically underrepresented groups who have experienced exclusion in the past, have in places that have intentionally actionized diversity, equity, and inclusion to create a culture that supports the feeling of security, acceptance, and value.

Strategic Imperatives

The Next Gen K-State Strategic Plan includes 10 imperatives to assist Kansas State University with meeting the goals across all campuses: Global, Manhattan, Olathe, and Salina.

We envision a learning population of 30,000

We will grow our first-year retention rate to 92%, our four-year graduation rate to 55% and our six-year graduation rate to 75%

Every degree-seeking student will receive applied learning experiences

Our research enterprise and annual research expenditures will grow to \$300 million and our sponsored programs and awards to \$270 million

We will nimbly and proactively meet the needs of learners, employers and society.

Strategic Imperatives

We will be known as a university that is open and aggressively pursues partnerships at all levels with a shared focus on making easy and seamless for partners to work with K-State.

We will be a positive force for Kansans — generating significant economic impact for the state of Kansas, contributing to the economic prosperity of all 105 counties....

We will become One K-State in all we do, supported by a culture that binds and connects us — prioritizing a mindset of operational excellence at all levels to move our university forward.

We will become an employer of choice in Kansas and higher education that prioritizes a culture of well-being, satisfaction and engagement, competitive rewards, recognition of excellence, opportunity, continuous improvement and innovation.

We will grow our total fundraising and philanthropic giving to new heights – with a target of raising a total of \$2 billion from FY21-22 to FY29-30, further amplifying our ability to serve and support our learners, scale our impact and fulfill our mission.
