

Connecting Across Topics (CAT) Communities are designed around students' majors, pre-professional, and general academic interests, and they offer mentoring from both a professor and an advanced undergraduate Learning Assistant who has been successful in the same classes. Additionally, K-State First offers two expanded categories within our CAT Communities options, including our living-learning Residential CAT Communities (where students also live in the same hall as their peers) and our Student Success options, which have an expanded focus on college student success skills (time management, study skills, etc), as indicated by a checkmark on the sheet.

Enrollment: To sign up, e-mail us at kstatefirst@k-state.edu or call us at, (785) 532-1501. Students may only sign up for one CAT community, and they should not sign up if they already have college credit for any of the classes in the CAT community. Space is limited. Each learning community has only up to 22 seats (some are capped at less).

RESIDENTIAL CAT COMMUNITIES

CAT Community	Available to Students	Courses	Class Number	Section	Credit Hours	Day/Time	Location	Instructor	K-State Core	Success Skills Focus
