

In a world focused on things,  
we focus first on **PEOPLE**.

We want to welcome you to the College of Human Ecology at Kansas State University, whether you are a prospective student, a current K-Stater, a parent or someone who needs expertise we can provide. The mission of the college is to discover, disseminate and apply knowledge to meet basic human needs and improve the human condition. This knowledge advances professions, human services, public policy, business and industry.

Manhattan is a great environment to start a new chapter of your life. The city rates among the best classic college towns in the country — it's big enough to offer opportunities and adventures but small enough to center on the university. Forbes magazine ranked Manhattan No. 3 in the nation for best small places for businesses and careers.
