

# NAOMI GALINDO- MODERN LANGUAGES AMBASSADOR

**My name is Naomi Galindo and I am a Modern Languages and International Area Studies student from El Dorado, KS. I am currently a Junior majoring in French with a Secondary Major in International Area Studies. I began studying French when I was in high school and learned so much about the language and the culture, so I decided to continue with my studies. I had other language options but I just felt that French would open a lot of doors for me, especially in the international stage. I am love being involved with all things Modern Languages, I work for the main office, I am the Modern Languages Student Association president, and I am also an ambassador. Becoming an ambassador was one of my goals when I transferred to K-State, and I want to share my passion for languages with other students. I see myself either working in academia or becoming an ambassador to a country, or perhaps a translator in the government! Being involved in Model United Nations, has shaped this career path for me. Some of my hobbies include learning languages, watching and creating YouTube videos, creating music, playing video games, occasionally writing for a Eurovision news fan site, and playing the cello.**
