

# JAKE SEAGER- MODERN LANGUAGES AMBASSADOR

Hello, my name is Jake, I am a junior at K-State majoring in Agricultural economics with a minor in Spanish from Overland Park, KS. I love studying Spanish because it connects me with more people in the world and reminds me just how cool culture can be. On campus I am also a research assistant for food insecurity and a member of the Food Recovery Network team. Beyond my passion for language I really enjoy spending time outdoors with my friends playing sports, hiking, and occasionally camping. My favorite activity is traveling and I've been all over the world, but I can get expensive, so I'm all about timing. Once school ends I plan to live abroad and work on economic and community development projects.
