

## Advance your career and community with the Leading Change graduate certificate

The Leading Change graduate certificate is designed to equip industry professionals with the tools to navigate complex challenges and lead with impact.

This certificate is an essential asset for professionals across all industries and is designed with flexibility in mind. This part-time, online program allows you to pursue continuous education without compromising your current responsibilities.

## Why Leading Change?

### IMPLEMENT TRANSFORMATIVE CHANGE

Develop the competencies needed to lead large-scale change initiatives.

### MOBILIZE DIVERSE TEAMS

Learn to bring together people with different perspectives and guide them to collaborate efficiently.

### CREATE A PROSPEROUS FUTURE

Lead your organization to a future of sustainable success, with solutions that benefit all stakeholders.

# CURRICULUM

## Required courses (9 credit hours)

- **LEAD 701: FOUNDATIONS OF LEADERSHIP**
  - This course explores contemporary leadership frameworks applied to self, groups or organizations, and society.
- **LEAD 750: LEADING CHANGE**
  - This course applies adaptive leadership and design thinking approaches to understanding and addressing local and global challenges related to sustainable development.
- **LEAD 755: SYSTEMS LEADERSHIP**
  - This course applies systems thinking to leadership practice. Learners will explore frameworks that help them to understand, navigate, and influence complex systems.
